- 1/ Transmission customers purchasing Open Access Transmission Tariff service are required to purchase from BPA Transmission Services the Ancillary Services of:
 - 1) Scheduling, System Control and Dispatch and 2) Reactive Supply and Voltage Control from Generation Sources (GSR).

- 2/ PTP Transmission Service (PTP, IS, and IM rate schedules)
 - * Long-Term Service is one year or greater, reserved in annual increments.
 - * Short-Term Service is less than one year. For any reservation of short-term service, the "Days 1 through 5" rate shown above will be applied to the first 5 days of the reservation, while the "Day 6 and beyond" rate will be applied to the remaining days of the reservation.
 - * Charges for the 2 required Ancillary Services are applied in the same manner.

- 3/ FPT and IR services/rates include the two required Ancillary Services--Scheduling, System Control and Dispatch, and Reactive Supply and Voltage Control from Generation Sources (GSR).
 - * The IR-08 rate and FPT-08.1 charges adjust quarterly for changes in the Reactive Supply and Voltage Control from Generation Sources (GSR) rate.
